Shipping: 1 or 2 items - USPS Small Flat Rate Box			\$ 5.00	\$ _____
Most other orders - USPS Medium Flat Rate Box			\$ 10.95	<b>TOTAL \$ _____</b>

## PAYMENT:

### PayPal

I am working on an online order system, but it is not ready yet. For now, if you want to complete your order on line, send me an email with the information contained on this form, or fill out the form and send to me as an attachment. You will receive from me a PayPal Money Request. You may use the PayPal Online Credit Card Processing System, or you may pay directly using your own PayPal Account. You do not have to belong to PayPal to use a credit card. The process is very similar to most other online payment systems.

### Mail Orders

Mail orders are always welcome. Enclose your check, or Postal Money Order, attach a copy of this completed form, or simply copy the pertinent information into a letter, and mail to:

GeoTool/Rick Curtis  
2375 Elden Ave A-2  
Costa Mesa, CA 92627

### Fax Orders

Fill out this form and FAX, or mail by copying into Word format or editing the), and FAX to:

**FAX:** (949) 548-8885      **Cell:** (714)-403-2026      **Email:** info@geotool.com

## GEOTOOL ANTENNA MOUNT AND INSULATOR PRICE LIST

The chart below shows HF and VHF mount prices for each brand of vehicle. It may make ordering easier if you put a check mark in the column to the right of the mount price. Mount prices vary based on amount of aluminum used, manufacturing costs, and type of antenna connector. Early Tundra mounts cost more because of the CNC machining needed to manufacture them. All other mounts are cut from an extrusion and then shaped and drilled. Other types of antenna adaptors are listed below the table.

<b>ANTENNA MOUNT INFORMATION</b>													
<b>Truck</b>		<b>Models and Prices</b>								<b>Dimensions</b>
